Back at the end of February, I released a complete redesign of the jQuery UI Resizable feature. It had so many bugs that were causing major problems for many users, so I decided to fix them. That process took two weeks (mostly working from a few comments I got on the jQuery Ideas/Feature Requests board) and I think it worked. Every new version of jQuery (since 1.3.0) has included Resize — since it was written by the jQuery team. They used it in a bunch of places, and since I was trying to emulate that, I had to run with it, but soon it became clear that I 3e33713323
